Finance Dashboard

This finance dashboard is designed for executives to quickly access high-level financial insights with the flexibility to explore detailed metrics. It helps identify financial trends, performance by region and category, and areas requiring attention.

- **Key Highlights:**

Key KPIs: Displays Revenue, Profit, Orders, Customers, and Quantity for a quick financial snapshot.

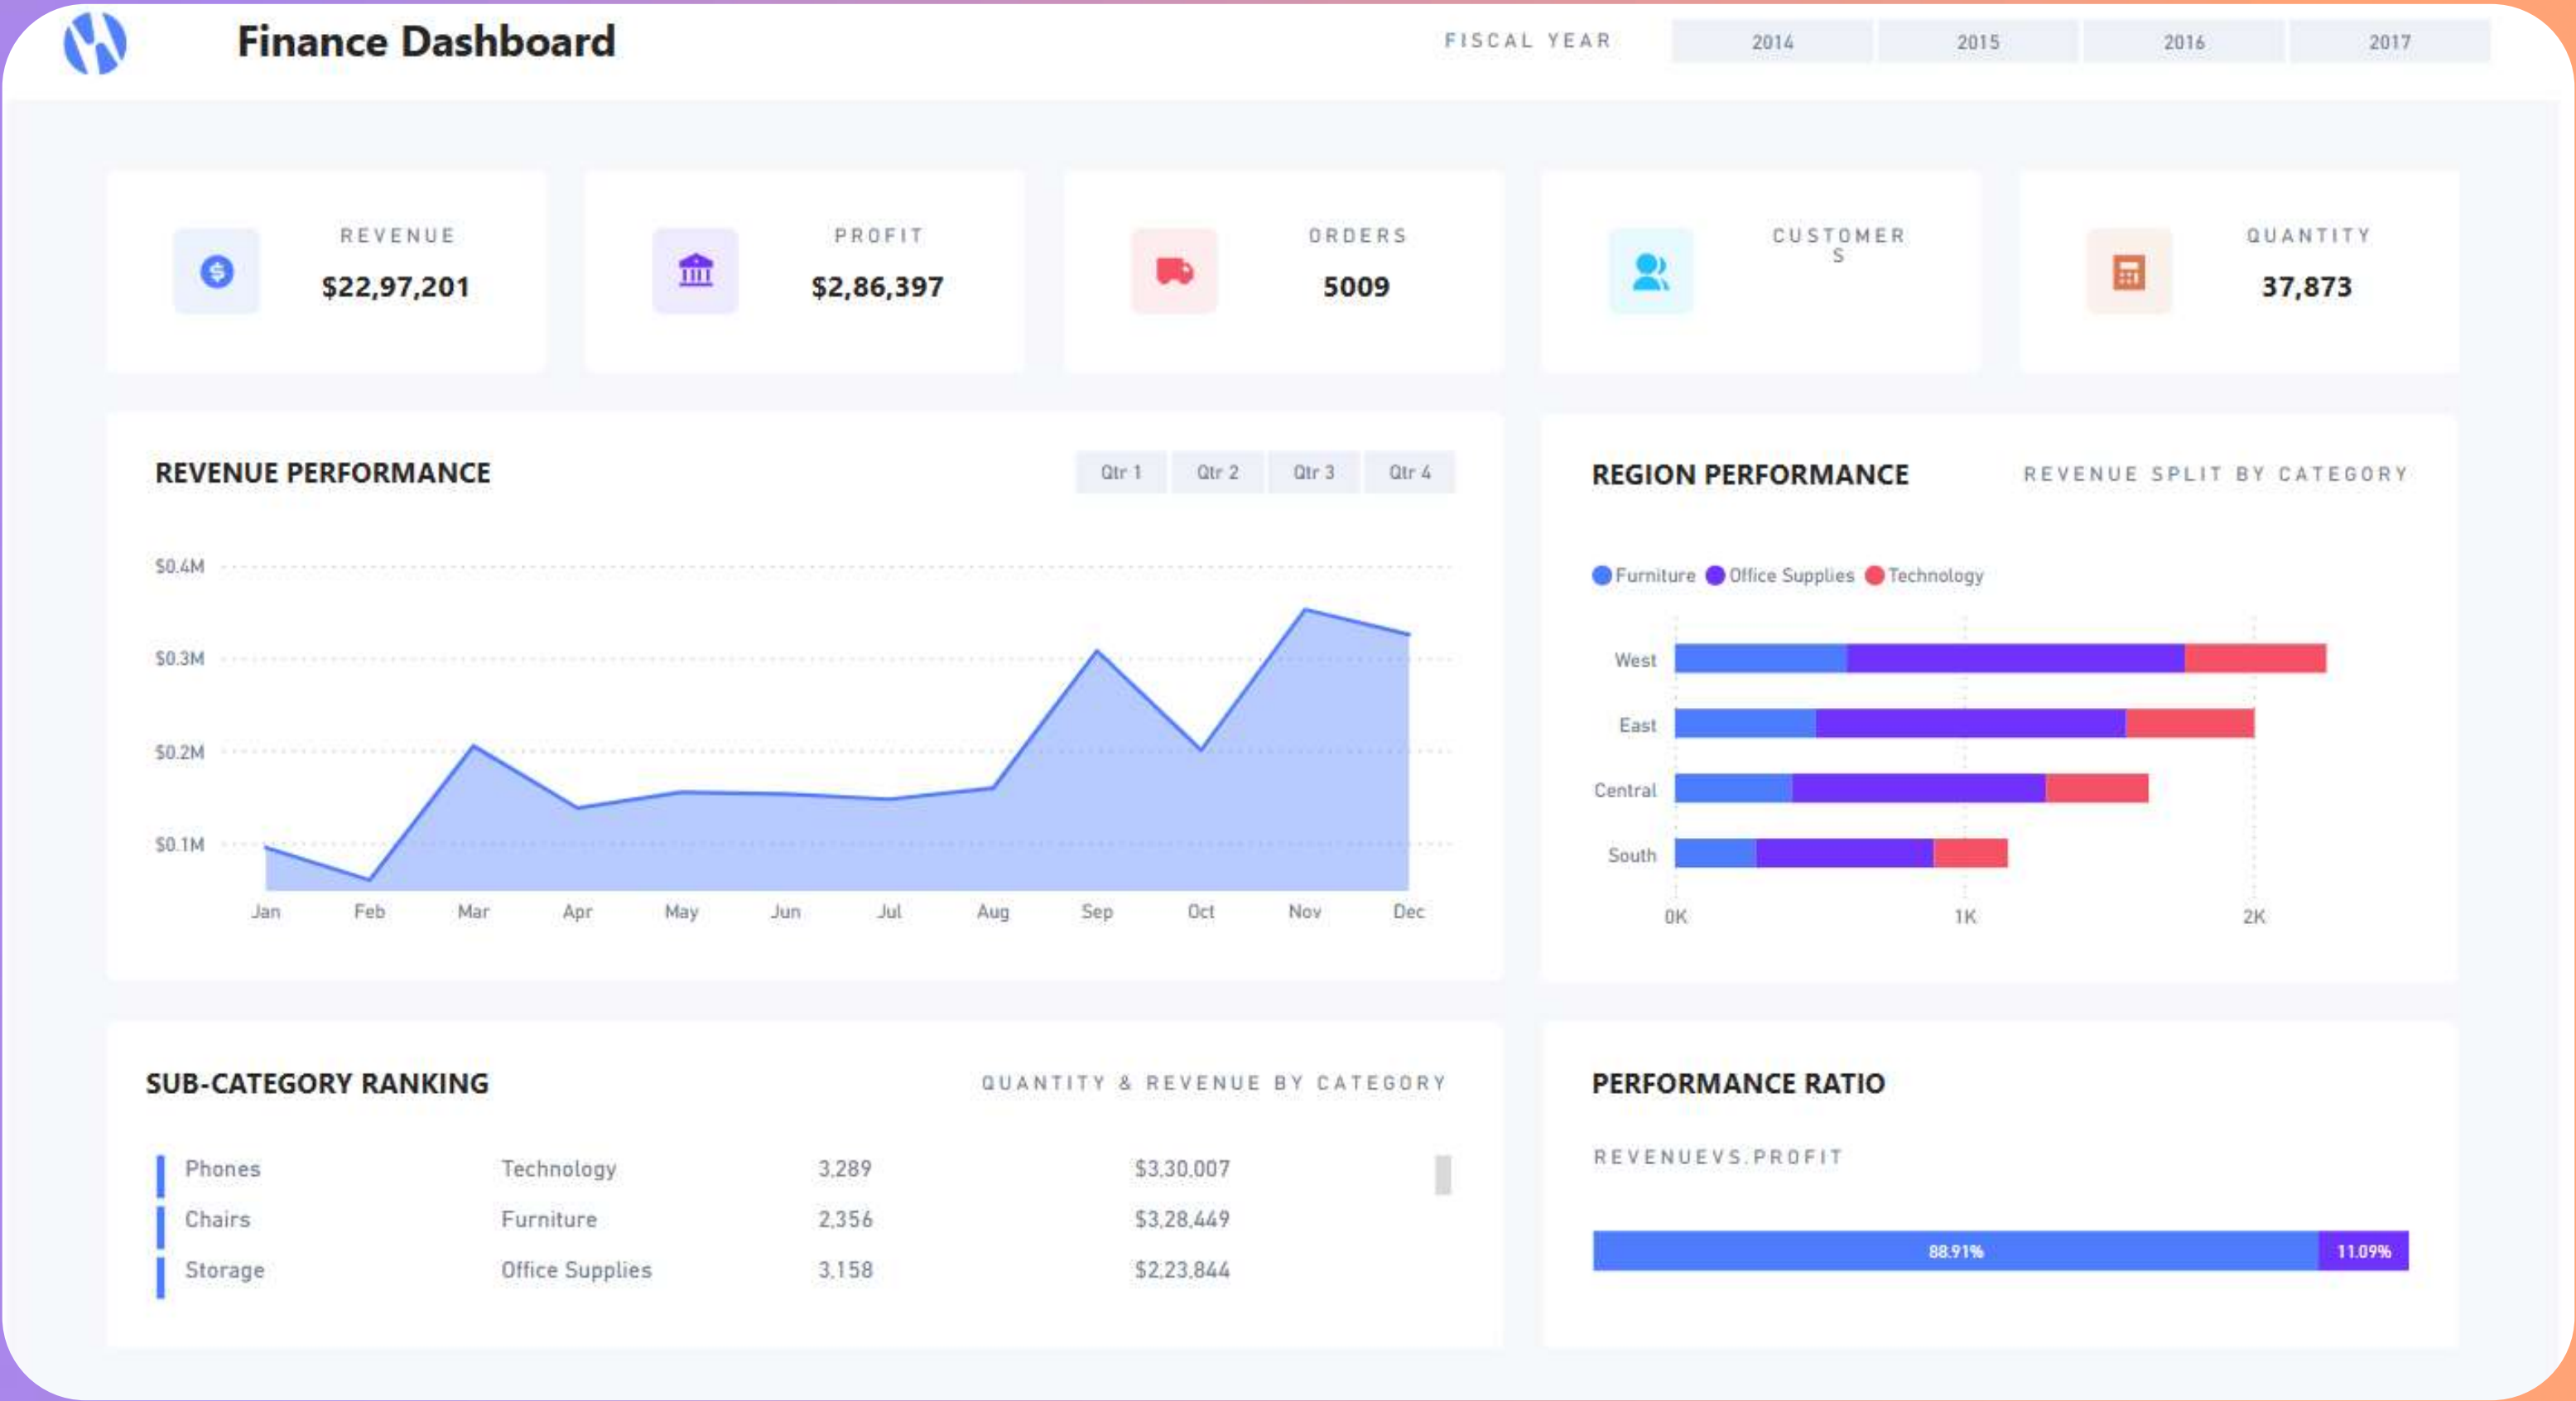

Revenue Trends: Area chart showing seasonal revenue flow over 12 months

Performance by Region and Category: Stacked bar chart highlighting revenue by geography and product category.

Sub-category Insights: Table providing detailed performance metrics for each product.

Financial Health: 100% stacked bar chart showing the Revenue-to-Profit ratio.

Finance Dashboard

HR Dashboard

This HR dashboard is designed for HR managers to gain high-level insights into employee demographics, diversity, and recruitment trends. It helps ensure the organization aligns with industry diversity standards and supports strategic decision-making for workforce planning.

Key Highlights:

Key KPIs: Displays metrics such as Number of Employees, Average Salary, Average Duration at Company, and Average Age to understand the employee profile.

Recruitment Trends: Area chart showing the number of new employees recruited per year.

Geographical Insights: Bar chart highlighting the distribution of employees by region.

New Employee Tracking: Table providing details on the latest employees for easy monitoring.

Social Media Dashboard

This social media dashboard is designed for social media managers to assess the high-level impact of various social platforms, helping them focus their marketing efforts on the most effective channels.

Key Highlights:

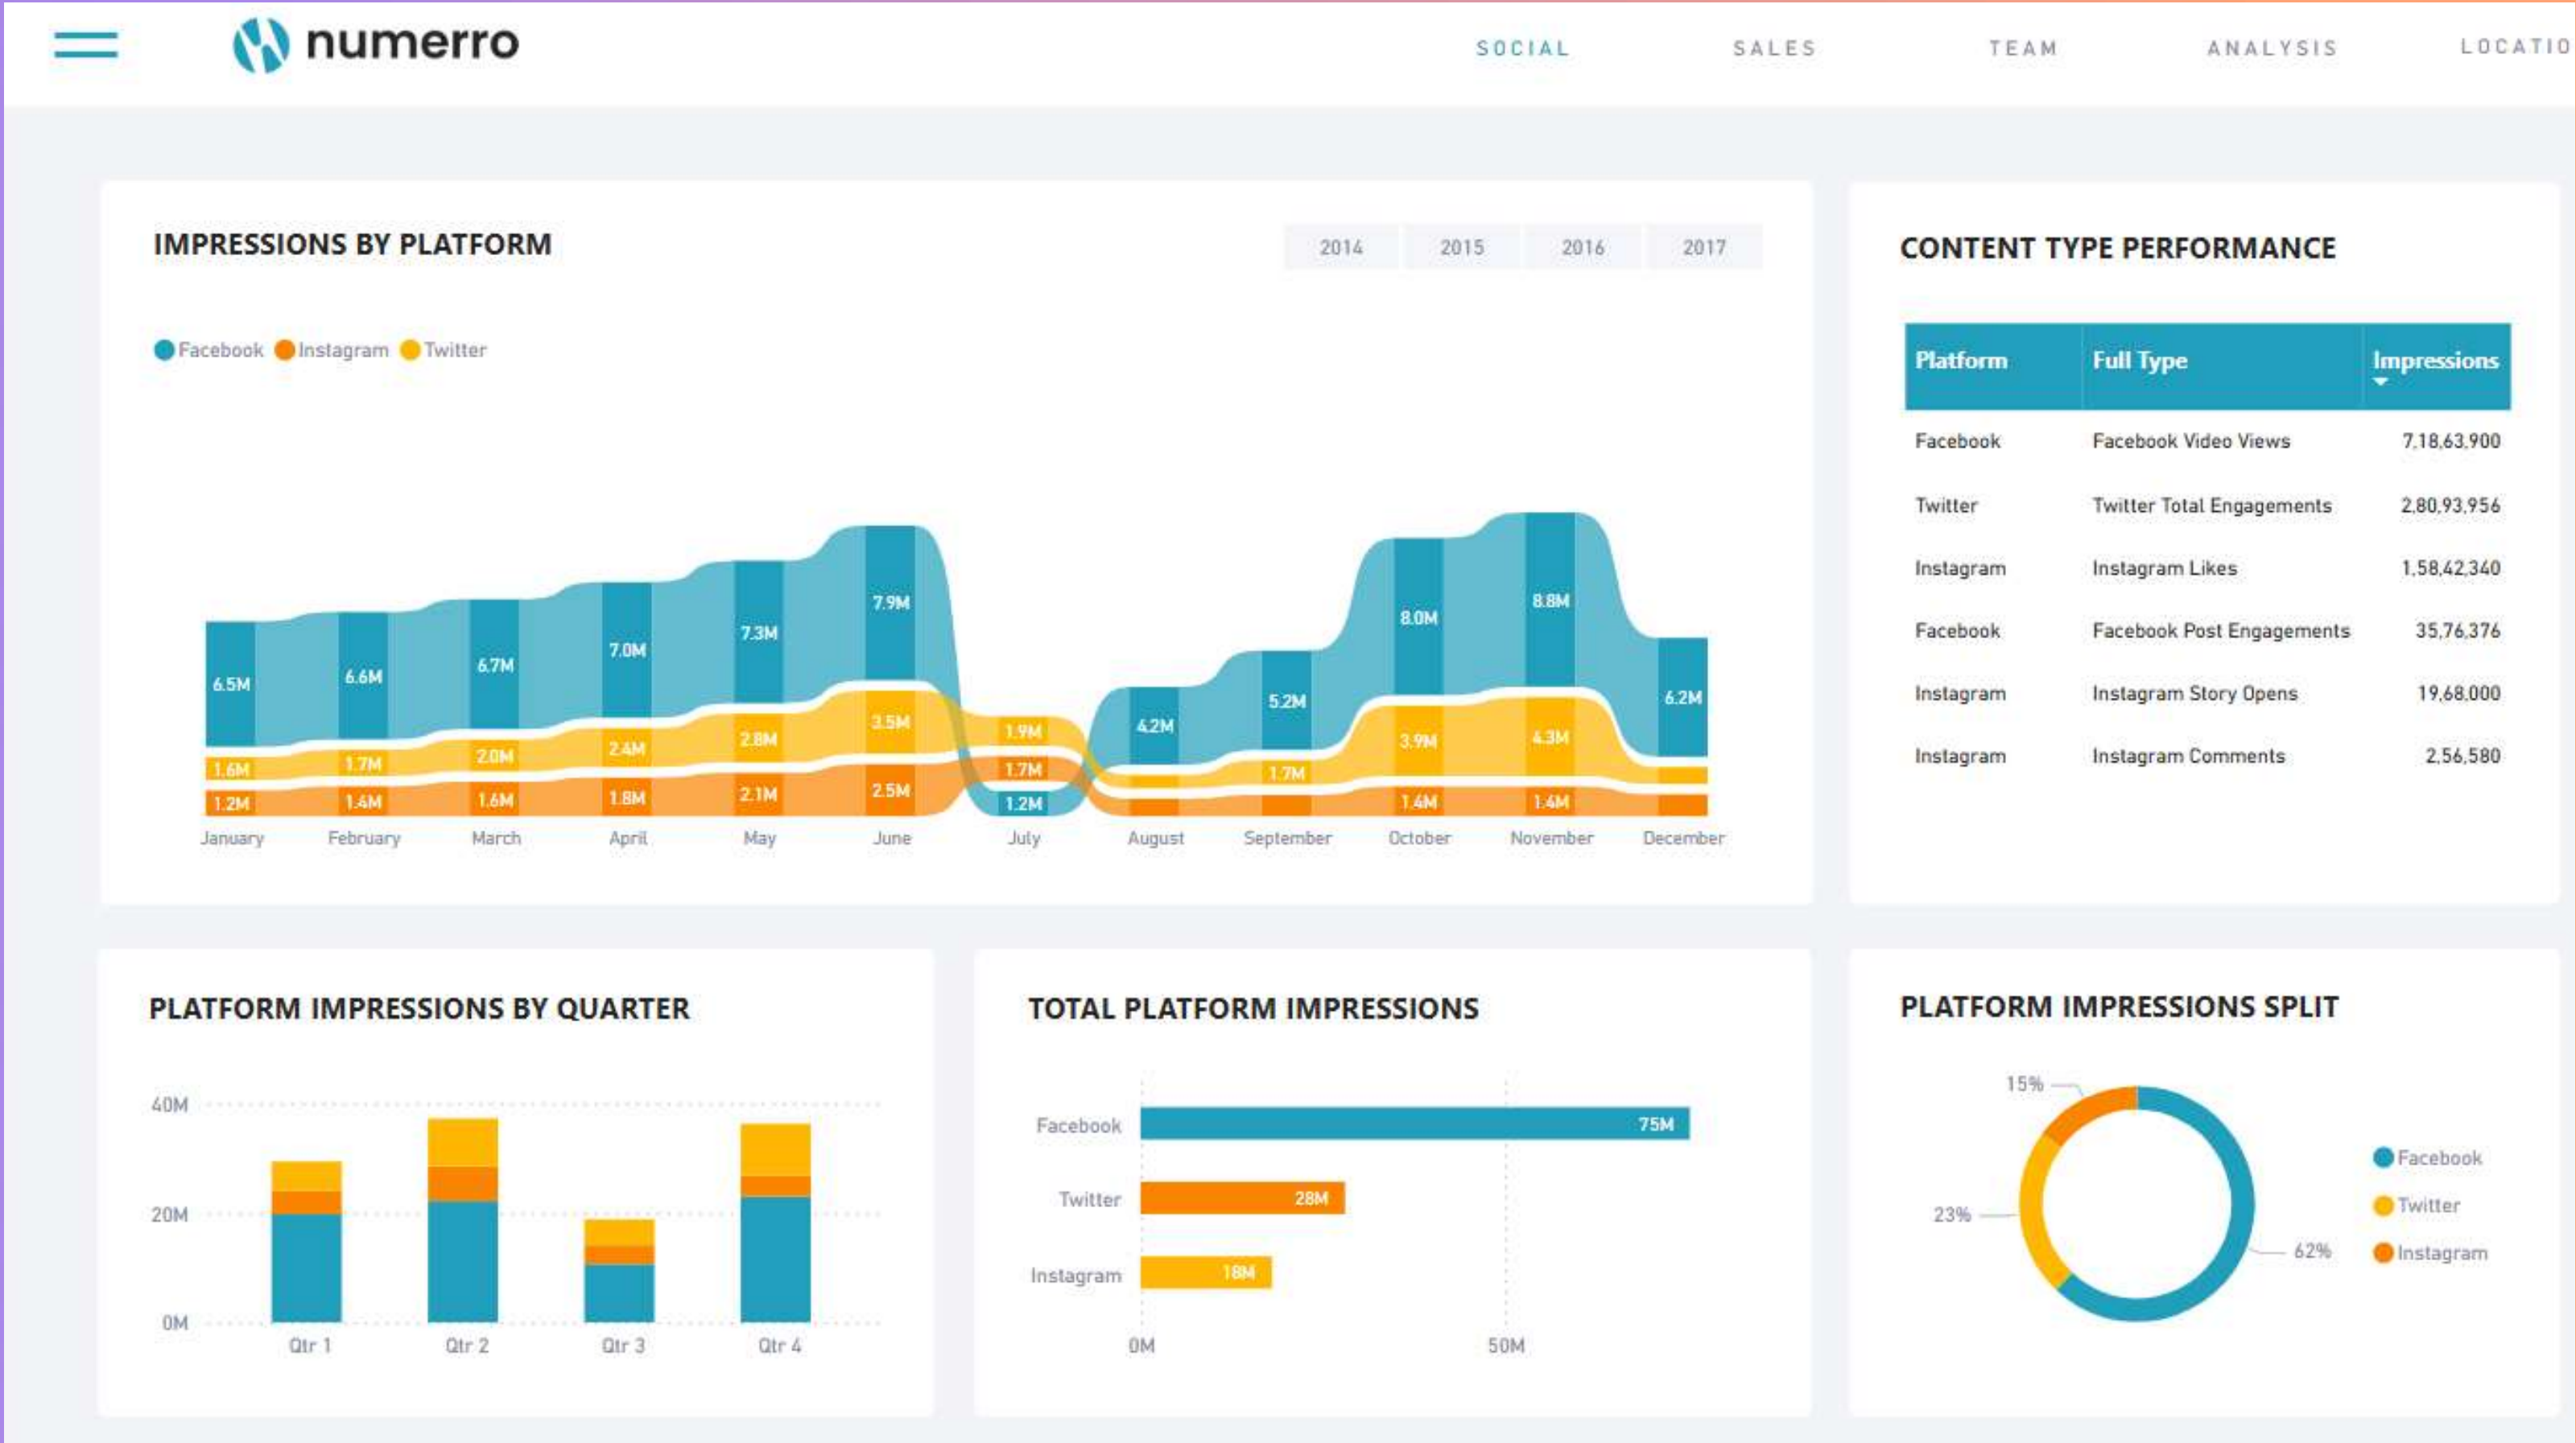

Platform Trends: Ribbon chart shows monthly impressions by platform.

Content Insights: Table identifies top-performing content types.

Annual View: Stacked column chart displays quarterly impressions by platform.

Performance Focus: Bar and donut charts highlight top platforms and impression share.

Social Media Dashboard

Sales Dashboard

This sales dashboard helps sales managers visualize performance, track opportunities, and identify areas to focus on to meet targets.

Key Highlights:

Key KPIs: Tracks Sales, Opportunities, Average Opportunity Size, and Velocity for an overview.

Monthly Trends: Area chart shows sales and opportunities by month against targets.

Channel Performance: Donut chart splits total sales by marketing channel

Opportunity Flow: Clustered bar chart monitors opportunities by sales stage and channel.

Sales Dynamics: Bar chart groups sales by opportunity size for deeper insights.
